The SturmeY-Archer Story

This book highlights fundamental research on the design and application of engineering materials, and predominantly mechanical engineering applications. This area includes a wide range of technologies and materials, including metals, polymers, composites, and ceramics. Advanced applications include manufacturing cutting-edge materials, testing methods, and multi-scale experimental and computational aspects. The book introduces readers to a wealth of engineering applications in transport, civil, packaging and power generation.

Materials Design and Applications II

This international technology assessment study has focused on the emerging global trend toward the miniaturization of manufacturing processes, equipment and systems for microscale components and products. The study has investigated both the state-of-the-art as well as emerging technologies from the scientific, technological, and commercialization perspectives across key industrial sectors in the USA, Asia and Europe.

Micromanufacturing

This text provides a full introduction to the fundamentals of CNC as applied, in particular, to metal cutting machine tools. The subject is presented within a manufacturing context and the book includes end-of-chapter exercises, programming exercises and a glossary of CNC-related terms.

Introduction to Computer Numerical Control

Volumes 1 & 2 Guide to the MAJOR COMPANIES OF EUROPE 1993/94, Volume 1, arrangement of the book contains useful information on over 4000 of the top companies In the European Community, excluding the UK, over 1100 This book has been arranged in order to allow the reader to companies of which are covered in Volume 2. Volume 3 covers find any entry rapidly and accurately. over 1300 of the top companies within Western Europe but outside the European Community. Altogether the three Company entries are listed alphabetically within each country volumes of MAJOR COMPANIES OF EUROPE now provide in section; in addition three indexes are provided in Volumes 1 authoritative detail, vital information on over 6500 of the largest and 3 on coloured paper at the back of the books, and two companies in Western Europe. indexes in the case of Volume 2. MAJOR COMPANIES OF EUROPE 1993/94, Volumes 1 The alphabetical index to companies throughout the & 2 contain many of the largest companies in the world. The Continental EC lists all companies having entries in Volume 1 area covered by these volumes, the European Community, in alphabetical order irrespective of their main country of represents a rich consumer market of over 320 million people. operation. Over one third of the world's imports and exports are channelled through the EC. The Community represents the The alphabetical index in Volume 1 to companies within each world's largest integrated market.

Major Companies of Europe 1993/94

Annotation Examines the factors that contribute to overall steel deformation problems. The 27 articles

address the effect of materials and processing, the measurement and prediction of residual stress and distortion, and residual stress formation in the shaping of materials, during hardening processes, and during manufacturing processes. Some of the topics are the stability and relaxation behavior of macro and micro residual stresses, stress determination in coatings, the effects of process equipment design, the application of metallo- thermo-mechanic to quenching, inducing compressive stresses through controlled shot peening, and the origin and assessment of residual stresses during welding and brazing. Annotation c. Book News, Inc., Portland, OR (booknews.com)

Handbook of Residual Stress and Deformation of Steel

Technical drawing, Engineering drawings, Drawings, Geometry, Form tolerances, Dimensional tolerances, Tolerances of position, Tolerances (measurement), Orientation, Symbols, Graphic symbols, Graphic representation

Geometrical Product Specifications (GPS). Geometrical Tolerancing. Tolerances of Form, Orientation, Location and Run-out

Includes a chapter on automatic control & supervision of the EDM process.

Electromachining

An introductory and intermediate level handbook written in pragmatic style to explain residual stresses and to provide straightforward guidance about practical measurement methods. Residual stresses play major roles in engineering structures, with highly beneficial effects when designed well, and catastrophic effects when ignored. With ever-increasing concern for product performance and reliability, there is an urgent need for a renewed assessment of traditional and modern measurement techniques. Success critically depends on being able to make the most practical and effective choice of measurement method for a given application. Practical Residual Stress Measurement Methods provides the reader with the information needed to understand key residual stress concepts and to make informed technical decisions about optimal choice of measurement technique. Each chapter, written by invited specialists, follows a focused and pragmatic format, with subsections describing the measurement principle, residual stress evaluation, practical measurement procedures, example applications, references and further reading. The chapter authors represent both international academia and industry. Each of them brings to their writing substantial hands-on experience and expertise in their chosen field. Fully illustrated throughout, the book provides a much-needed practical approach to residual stress measurements. The material presented is essential reading for industrial practitioners, academic researchers and interested students. Key features: • Presents an overview of the principal residual stress measurement methods, both destructive and non-destructive, with coverage of new techniques and modern enhancements of established techniques • Includes stand-alone chapters, each with its own figures, tables and list of references, and written by an invited team of international specialists

Practical Residual Stress Measurement Methods

Homeowners search continuously for ways in which to rework existing residential space - for improved size, comfort, functionality and financial gain. As demonstrated in this timely publication, an architect must possess significant skill to create such

Printing and Allied Industries

Beware, the Dead are coming back! This is a unique and fascinating collection of early mummy stories that helped to establish the chilling concept of the Dead returning to life as a potent sub-genre of horror fiction. The main feature on the mummy bill, 'The Jewel of the Seven Stars' by Bram Stoker, is generally

regarded as his best work after Dracula. A weird mixture of adventure, the supernatural and science fiction is found in Jane Webb's 'The Mummy', a tale written in 1827 but set in 2126. 'Some Words with a Mummy' is by the great horror writer Edgar Allen Poe. Arthur Conan Doyle's 'The Ring of Thoth' is the classic mummy tale and was the basis for the 1932 movie 'The Mummy' starring Boris Karloff and, indeed most mummy films ever since. 'Lot 249', another Doyle chiller, completes this collection, which is guaranteed to entertain and possibly prompt a nightmare.

Residual Stress Measurements

Residual stresses (RS) are stresses present inside materials even in the absence of any applied load. They are of capital importance because they can impact greatly on the mechanical strength of the material, on its dimensional correspondence to design specifications as well as on the fatigue life of the part. RS measurement and evaluation is currently an important research topic where a lot of challenges still need to be addressed. This book aims to provide the reader with an overview of the principal novelties in this field including current limitations and potential future developments. Both radically new experimental approaches as well as recent evolutions of consolidated ones will be presented, along with the latest novelties in the area of numerical residual stress evaluation.

100 Great Extensions & Renovations

Duplex Stainless Steels (DSSs) are chromium-nickel-molybdenum-iron alloys that are usually in proportions optimized for equalizing the volume fractions of austenite and ferrite. Due to their ferritic-austenitic microstructure, they possess a higher mechanical strength and a better corrosion resistance than standard austenitic steels. This type of steel is now increasing its application and market field due to its very good properties and relatively low cost. This book is a review of the most recent progress achieved in the last 10 years on microstructure, corrosion resistance and mechanical strength properties, as well as applications, due to the development of new grades. Special attention will be given to fatigue and fracture behavior and to proposed models to account for mechanical behavior. Each subject will be developed in chapters written by experts recognized around the international industrial and scientific communities. The use of duplex stainless steels has grown rapidly in the last 10 years, particularly in the oil and gas industry, chemical tankers, pulp and paper as well as the chemical industry. In all these examples, topics like welding, corrosion resistance and mechanical strength properties (mainly in the fatigue domain) are crucial. Therefore, the update of welding and corrosion properties and the introduction of topics like texture effects, fatigue and fracture strength properties, and mechanical behavior modeling give this book specific focus and character.

Return from the Dead

The Springer Handbook of Experimental Solid Mechanics documents both the traditional techniques as well as the new methods for experimental studies of materials, components, and structures. The emergence of new materials and new disciplines, together with the escalating use of on- and off-line computers for rapid data processing and the combined use of experimental and numerical techniques have greatly expanded the capabilities of experimental mechanics. New exciting topics are included on biological materials, MEMS and NEMS, nanoindentation, digital photomechanics, photoacoustic characterization, and atomic force microscopy in experimental solid mechanics. Presenting complete instructions to various areas of experimental solid mechanics, guidance to detailed expositions in important references, and a description of state-of-the-art applications in important technical areas, this thoroughly revised and updated edition is an excellent reference to a widespread academic, industrial, and professional engineering audience.

New Challenges in Residual Stress Measurements and Evaluation

This volume features fundamental research and applications in the field of the design and application of

engineering materials, predominantly within the context of mechanical engineering applications. This includes a wide range of materials engineering and technology, including metals, e.g., polymers, composites, and ceramics. Advanced applications would include manufacturing in the new or newer materials, testing methods, multi-scale experimental and computational aspects. This book features fundamental research and applications in the design of engineering materials, predominantly within the context of mechanical engineering applications such as automobile, railway, marine, aerospace, biomedical, pressure vessel technology, and turbine technology. It covers a wide range of materials, including metals, polymers, composites, and ceramics. Advanced applications include the manufacturing of new materials, testing methods, multi-scale experimental and computational aspects.

Duplex Stainless Steels

Two very successful conferences - in Glasgow and Beaune - were held on duplex stainless steels during the first half of the '90s. This book takes keynote papers from each, and develops and expands them to bring the topics right up to date. There is new material to cover grades, specifications and standards, and the book is fully cross-referenced and indexed. The first reference book to be published on the increasingly popular duplex stainless steels, it will be widely welcomed by metallurgists, design and materials engineers, oil and gas engineers and anyone involved in materials development and properties. The first reference book on this relatively new engineering material Based on keynote papers from major international contributors Covers grades, standards and specifications

Springer Handbook of Experimental Solid Mechanics

Earth: expensive, elite graveyard to the galaxy. Ravaged 10,000 years earlier by war, Earth was reclaimed by its space-dwelling offspring as a planet of landscaping and tombstones. None of them fully human, Fletcher, Cynthia, and Elmer journey through this dead world, discovering human traits and undertaking a quest to rebuild a human world on Earth.

Materials Design and Applications

‘Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.’ Goodreads reviewer, 5 stars
Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady’s dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana’s future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they’ve been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of *Girl with a Pearl Earring*, *The Miniaturist* and *The Indigo Girl*. WINNER OF THE 2021 GOLDEN CROWN LITERARY SOCIETY AWARD FOR DEBUT FICTION. FINALIST FOR THE 2021 BISEXUAL BOOK AWARDS. LONGLISTED FOR THE 2021 HWA DEBUT CROWN AWARD. What readers are saying about *The Company Daughters*: ‘Blew my mind... a book I’ve told so many people about purely because I’m still in disbelief that it exists, that it’s so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book of a woman’s struggle to survive... I loved every moment of it. Breathlessly, and in a way that took up my entire brain... immersive, heart-wrenching, and I feel emotional writing this review.’ Goodreads reviewer, 5 stars
‘From the moment I started reading *The*

Company Daughters, I was captivated by this historical tale. Although it does contain a love story, it's not a romance... This was a gripping read.' Goodreads reviewer 'This book is so stunningly tender and beautiful, all mixed in with some seriously tragic and heart-wrenching events... Rajaram is an extremely skilled writer, and I love her writing style... The themes of sisterhood and female love were so present in this book and I found it very moving.' Goodreads reviewer 'I was enchanted by this book! It's a delightful read that will have your emotions all over the place.' Goodreads reviewer 'I love historical fiction, and this book touched on a topic and time I knew nearly nothing about... There's love, there's loss, there's surviving, there's thriving... It was a very beautiful book.' Goodreads reviewer 'The Company Daughters is a beautifully written love story... a perfect example of the power of human will and the endurance and hope that love can give a person.' Goodreads reviewer, 5 stars 'This book has a beauty and grace to it. The author's writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.' Goodreads reviewer 'A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram!' Goodreads reviewer 'Heartbreaking... a moving book... vivid, with amazing characters... This is a great read.' Goodreads reviewer

Duplex Stainless Steels

Secret Agent Mark Kirkland has been given the task of locating and retrieving three pornographic films. His mission must remain top secret as the films, rather embarrassingly, feature the daughter of the future president of the United States. His quest leads him to the depths of Bavaria where he finds Soviet agent, Malik, and sidekick Lu Silk also rather interested in the whereabouts of the films. Who will find them first? And once found, who's to say they won't immediately disappear again?

Cemetery World

Focusing on all aspects of paper manipulation, this title covers a wide range of techniques including drawing, painting, sculpture, collage, paper folding, cut-out, pop-up, and installation.

The Company Daughters

It's a summer internship. Never mind that the owners are hot. Never mind that there are three of them. Never mind that they are twice her age. Never mind that they have a secret "play\'' room in the basement. Never mind that she's never been more intrigued in her life. She only has three months. No matter how deeply she gets involved, she can't stay...

The Whiff of Money

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when

Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Paper

"A sweet, sexy read, featuring a couple that feels both true-to-life and aspirational." Kirkus Review, Starred Review American Angie Donovan has never wanted much. When you grow up getting bounced from foster home to foster home, you learn not to become attached to anything, anyone, or any place. But it only took her two days to fall in love with Australia. With her visa clock ticking, surely she can fall in love with an Australian—and get hitched—in two months. Especially if he's as hot and funny as her next-door neighbor... Jace Walters has never wanted much—except a bathroom he didn't have to share. The last cookie all to himself. And solitude. But when you grow up in a family of seven, you can kiss those things goodbye. He's finally living alone and working on his syndicated comic strip in privacy. Sure, his American neighbor is distractingly sexy and annoyingly nosy, but she'll be gone in a few months... Except now she's determined to find her perfect match by checking out every eligible male in the town, and her choices are even more distracting. So why does it suddenly feel like he—and his obnoxious tight-knit family, and even these two wayward dogs—could be exactly what she needs? Each book in the Patterson's Bluff series is

Teaching Abby

"What?" Naomi gasped. "I'm not going anywhere with you!" Alaric could already scent two more witches approaching her apartment. Whatever she'd done had clearly been an accident; he couldn't rely on her magic. They had to get out of here. She flinched as he reached down to cup her face, gazing into her eyes. "Sorry about this," he murmured, as he probed her mind. Her thoughts were frantic, moving at an impossible speed. All will be well, he told her silently. Rest now. "What—what are you—" she whispered, as her eyes drooped. She slumped forward into his arms. Cradling her, he moved over to the window, and leapt out. *** Alaric, a centuries-old vampire, lives a solitary life by choice. When he's assigned to protect Naomi, long dormant emotions stir to life. Naomi Feldman has never understood the strange energy that hums beneath her senses. But when she comes across an ancient artifact that seems to beckon to her, she may finally find the answers she's been seeking. Pursued by a dangerous enemy and battling their growing attraction, Naomi and Alaric follow the mystery of the artifact from the museums of Athens, the streets of London, towards a confrontation that will decide the fate of two worlds... Start reading this complete series omnibus now!

Death Waits in the Dark

To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I've ever met in my life. I know you think that you're God's gift to women, but I have a secret to let you in on: you're not. You're God's gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer

The Aussie Next Door

The Bad Boy Series Collection I've been in love with Hunter Saint my entire life. He was my first love and the one I could never forget. Then Fate intervened and we became enemies. Now, I must go to Hunter on my hands and knees to beg him to save my brother's life. I'll pay any price to save him. I'll do anything Hunter wants. Anything... The Bad Boy Series by S. E. Lund's is a sexy new novella series, featuring a bad boy with

a heart of gold and a heroine who can't get him out of her life or her heart. When Fate forces them back together again, can they deny what has long simmered between them?

The Descendants Complete Series (Books 1, 1.5, 2, 3)

ÜBER 700 SEITEN „ABSOLUT FESSELNDE“ UND „UNGLAUBLICH BERÜHRENDE“ DARK ROMANCE – ABGESCHLOSSENER ROMAN »Eine epische Dark Romance mit herzerreißender Tiefe und knisternder Sinnlichkeit!« – Anna Zaires, Bestsellerautorin der New York Times Vor sechs Jahren hat Harold Dalton mich mit einem fingierten Diebstahl reingelegt und mich ins Gefängnis gebracht, um meinen Diamantenfund zu stehlen. Im Austausch für die Grabungsrechte gab er seine Tochter Jack Clarke. Heute bin ich ein freier Mann, und will meine Rache. Sechs Jahre voller Grausamkeiten machen aus Menschen Bestien. Ich werde mir das zurückholen, was er mir gestohlen hat, und noch mehr. Ich bin nicht an seinen Immobilien oder Aktien interessiert. Ich will sein Kleingeld nicht. Ich will seinen größten Schatz, die schöne, mental instabile Angelina Dalton-Clarke. Mit ihren Milliarden ist sie die reichste Witwe des Landes, und auch die verrückteste. Ihre selbstverletzenden Tendenzen hatten Jack dazu veranlasst, sie für unzurechnungsfähig erklären zu lassen, bevor er sich eine Waffe an den Kopf hielt und sich das Gehirn rausblies. Lina darf keinen Cent ihres Reichtums anfassen. Ihr Vater verwaltet ihre Finanzen und hat alle Unterschriftsvollmachten. Als ihr Mann werden mir diese Aufgaben zufallen, aber wenn sie denkt, dass ich sie nur wegen ihres Geldes will, irrt sie sich gewaltig.

To My Arrogant Boss

Miss Julia faces a double dose of trouble-this time right under her own roof. Miss Julia's iron will and kind heart have assured her a spot among the most beloved characters of Southern literature. In her latest adventure, Miss Julia whisks Hazel Marie off to the doctor when the latter admits she's been feeling poorly. The news floors them both: Hazel Marie is pregnant with twins. Unfortunately, she's also just sent her beau, Mr. Pickens, packing. Miss Julia needs a plan-and fast. So when Sam's house is robbed, Miss Julia declares that only J. D. Pickins, P.I., can get his things back. Playing Cupid and solving the crime might seem like a tall order but readers everywhere know that Miss Julia always delivers the goods.

The Bad Boy Series Collection

Eighteen-year-old Astrid Bjorklund has always dreamed of becoming a doctor. She had intended to study medicine in Chicago or Grand Forks, but when a disaster wiped out a major portion of her family's income, Astrid stayed home instead, receiving hands-on training from Dr. Elizabeth. Joshua Landsverk left Blessing two years ago, but he's never forgotten Astrid. Returning to town, he seeks to court her. Astrid is attracted to him, and when the opportunity unexpectedly opens for her to go to Chicago for medical training, she finds it difficult to leave. Love blossoms through their letters, but upon arriving back home, she makes a heartbreaking discovery. Will she have to give up love to pursue her dream?

Beauty in the Broken – Die Schönheit im Zerbrochenen

To The Rude Guy in Apartment Five, I'm glad you're happy to have moved into a new apartment, but no: I do not want to have a beer with you. I do not want to have a nude sleepover. I do not want to make you breakfast, lunch or dinner, no matter how many lap dances you promise to give me. I do not need you to serenade me through the walls at 1am. And no, I have no interest in letting you take me on a date. Sincerely, Magnolia Allen P.S. And no, I do not want to know how many accents you can growl in during intimate moments. How is that even a thing? P. P. S. Also, you will never find me standing naked in your living room ever again, so please stop leaving lingerie packages on my welcome mat.

Miss Julia Delivers the Goods

Left penniless and shattered by devastating secrets revealed in the aftermath of her seemingly successful lawyer husband's sudden death, Georgia rallies herself to pursue a new relationship and support her two daughters.

A Measure of Mercy (Home to Blessing Book #1)

One cowboy, one bar, one hell of a holiday! Praise for Carolyn Brown's country music romances: \"You won't want to miss this boot scootin' contemporary full of sexy cowboys and sassy women.\"—The Romance Studio (My Give a Damn's Busted) She means business... Sharlene Waverly is determined to have the \"new and improved\" Honky Tonk up and running before the holiday. For that, she'll need Holt Jackson, the best darn carpenter in the state. But his warm, whisky-colored eyes make her insides melt, and before she knows it, she's sharing her darkest secrets and talking about the nightmares... He's determined to keep things professional... Holt Jackson needs the job at the Honky Tonk, but is completely unprepared to handle the beautiful new bar owner he's working for. Sharlene and Holt try like crazy to deny the sparks flying between them, but their love may just be the best Christmas present either one of them ever got. Praise for I Love This Bar: \"Heart...sass...a lot of sparks and romance...country music. What more can I say? I really had fun with this book.\"—Red-Headed Book Child \"Guaranteed to leave you countrified and satisfied!\"—Love Romance Passion

To The Rude Guy in Apartment Five

I am not a liar or a thief or a criminal. At least, not anymore. But here I am doing the things that I promised myself I would never do again. Nicholas Crawford made me an offer I couldn't refuse. He is dangerous and damaged but so am I. Our relationship is an addiction that we have to feed. Now, things are about to get even more complicated. Allegiances will be tested. Lies will be told. Truths will be revealed. We have both made promises that we can't keep. The secrets we have uncovered only scratch the surface, and I'm afraid to find out what lies below. All is not what it seems but I have to figure out the truth before it's too late. Dive into the decadent and delicious 3rd book of the new and addictive Tell Me series by bestselling author Charlotte Byrd. _____ What readers are saying about Charlotte Byrd: \"Extremely captivating, sexy, steamy, intriguing, and intense!\" \"Addictive and impossible to put down.\" \"I can't get enough of the turmoil, lust, love, drama and secrets!\" \"Fast-paced romantic suspense filled twists and turns, danger, betrayal and so much more.\" \"Decadent, delicious, & dangerously addictive!\" _____ *Beware of spoilers in the reviews below that are without spoiler alerts.*

The Widow Waltz

Jason is a cynical rich playboy. He doesn't take life seriously, He doesn't believe in settling down. Eileen's thirtieth birthday is almost here. But as always she's her parent's afterthought. Her family is too busy planning a shotgun wedding for her older sister—and she has to help. It's just another year where she's overlooked. But the best man is smoking hot and actually notices her and makes her feel special. Jason doesn't believe in commitment, but Eileen intrigues him. She's not the kind of girl he usually hooks up with. She doesn't even fall for his charm. He's made it his task to convince her that he's not the shallow man she thinks he is. But can Jason give up his playboy lifestyle to become what Eileen needs?

Honky Tonk Christmas

Spanning more than two centuries in Ireland, Castle on the Rise unites the legacy of three women who must risk mending their broken places for life, love, and the belief that even through the depths of our pain, a masterpiece of a story can emerge. When Laine Forrester travels overseas to attend her best friend's vineyard

wedding, she expects to find the bride on the brink of a fairy-tale life. But after a series of unforeseen setbacks, it seems the storybook lives they'd imagined are suddenly ripping apart. With hopes of resurrecting a happy ending, Laine agrees to accompany the newlyweds to the groom's home in Ireland—never expecting she'd be the one drawn in by its wide-open moors, backroads bordering the Irish Sea, and a mysterious castle that dares to keep its secrets hidden. From the storied streets of Dublin to the shores of the Emerald Isle, Laine is drawn in to the land and its rich history. The castle ruins whisper stories of Issy—a photojournalist battling through the 1916 Easter Rising, and Maeve—the castle's lady of legend, fighting for survival through the 1798 rebellion that started it all. Praise for *Castle on the Rise*: "Enchanting and mesmerizing!" —PATTI CALLAHAN, New York Times bestselling author of *Becoming Mrs. Lewis* "Castle on the Rise perfectly showcases rising star Kristy Cambron's amazing talent! Perfect pacing, lovely prose, and an intricate plot blend together in a delightful novel I couldn't put down. Highly recommended!" —Colleen Coble, USA TODAY bestselling author of *Secrets at Cedar Cabin* and the *Rock Harbor* series "Cambron's latest is one of her best. Gripping and epic, this intricately woven tale of three generations seeking truth and justice will stay with you long after the last page." —Rachel Hauck, New York Times bestselling author *Second in the Lost Castle series* (*The Lost Castle*, *Castle on the Rise*, *The Painted Castle*) Can be read as a stand-alone, but best if read in order Sweet romance set in three time periods: present day, World War I/Easter Rising, and late 1700s Full-length novel (over 110,000 words)

Tell Me to Stay

Get ready for *The Undoing*, soon to be the most talked about TV of 2020. From the creators of *Big Little Lies*, *The Undoing* premieres this autumn starring Nicole Kidman, Hugh Grant and Donald Sutherland. 'A great psychological thriller ... I couldn't put it down.' Daisy Goodwin 'Gripping . . . had me in its thrall from page one . . . Brilliant.' MetroA New York Times bestseller Grace Sachs, a happily married therapist with a young son, thinks she knows everything about women, men and marriage. She is about to publish a book called *You Should Have Known*, based on her pet theory: women don't value their intuition about men, leading to serious trouble later on. But how well does Grace know her own husband? She is about to find out, and in the place of what she thought she knew, there will be a violent death, a missing husband, and a chain of terrible revelations. Left behind in the wake of a very public disaster, and horrified by the ways in which she has failed to heed her own advice, Grace must dismantle one life and create another for herself and her child. Published previously under the title *You Should Have Known*

Then He Happened

Come home to 59 Memory Lane with a new novel from the top Kindle and USA Today bestselling author Celia Anderson!

Castle on the Rise

Travis King is the worst kind of asshole. He taunts me for being a good girl and mocks my high standards. He's cruel, crass, and has enough confidence to last two lifetimes. And I hate him. It wouldn't matter so much if he were avoidable. But considering he's my older brother's best friend and roommate, I see him more than I'd ever want to. His sculpted abs and gorgeous eyes are wasted on such an arrogant man, which makes me hate him even more. Even though I've had a crush on him since I was ten, the feelings weren't mutual and he's always made that very clear. He's always loved getting under my skin and one night against my better judgment, I let him in my bed. I've succumbed to his manwhore ways, but that doesn't change a thing. Because the King is about to get played at his own game-and lose. Checkmate.

The Undoing

The Cottage of Curiosities (Pengelly Series, Book 2)
